## APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

The granting of this permit to appropriate 8.0 second feet of water of the Virgin River at a point in Arizona to be placed to beneficial use in Nevada is conditioned upon the applicant's compliance with the laws of Arizona relating to the diversion of water in that State. A substantial weir must be installed in the diversion canal at a point within the State of Nevada and above all diversions out of said canal to facilitate the measurement of water. This permit is issued subject to all prior rights and upon the condition that the State reserves the right to regulate the use of the water herein granted within the State. The amount of water to be appropriated shall be limited to the amount of Nevada only, at any and all times which can be applied to beneficial use, and not to exceed 8.0 cubic feet per second.

Actual construction work shall begin on or before June 1, 1938

Proof of commencement of work shall be filed before July 1, 1938

Work must be prosecuted with reasonable diligence and be completed on or before June 1, 1941

Proof of completion of work shall be filed before July 1, 1941

Application of water to beneficial use shall be made on or before

June 1, 1945

Proof of the application of water to beneficial

use must be filed with State Engineer on or before July 1, 1945

Proof of commencement of work filed JUN 30 1938

WITNESS MY HAND AND SEAL this 21st day

Proof of completion of work filed JUL 8 1938
